

ASSESSMENT METHODS

See how we are assessing the benefits and effects of each concept.

REVISED CONCEPTS

Review the No Build and two potential Build concepts and see more information about each concept.

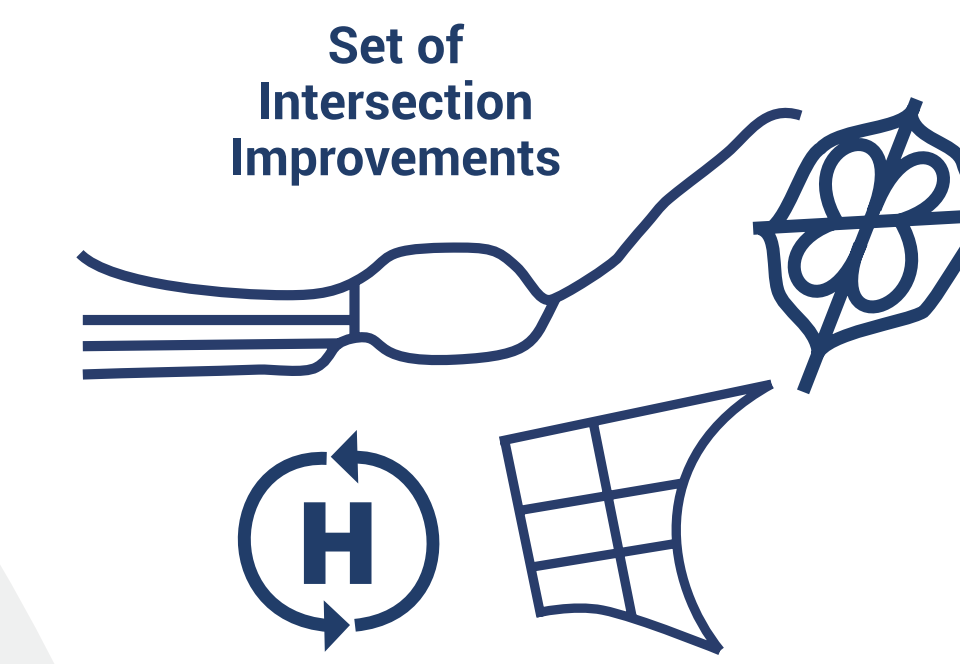

WHAT WE HEARD

Review the input we heard during the last public meeting.

INTERCHANGEABLE ELEMENTS

Learn what goes into building a concept and see more information about each of the interchangeable elements.

WELCOME

HAVE IDEAS? WE WANT YOUR INPUT

Take a look at the stations around the room and get involved!

BACKGROUND

Learn about current developments, previous studies, existing conditions, and comments so far in the Study.

BUILDING A CONCEPT

Build your own concept with the interchangeable elements.

INTRODUCTORY PRESENTATION

20-minute presentation starting at 6:30pm to explain the Study and current status.

CONCEPT VOTING ★ Activity 2

Chose one of the concepts or report on your preferred concept design from the "Building A Concept" Activity.
